

Written just after my Eighth birthday.

MEMORIES

- The Loch Maree House is finished, but now we purchased 38b The Crescent, with a delayed settlement, and we are starting to dig under the tennis court, and make changes to the poolside of the house.
- We had my party at the 4PS ten days after it opened, but still owned by Frasers. We invited 60 from my class, and forty from the girls class for a dance party over two levels organised by Pistacio, we had about 75 kids, and same amount of parents. It was auspicious: 8 years old on 18.08.18 at 88 Broadway.
- I went again with Dada and mama to the TAA awards, and was even mentioned by Katriona Rowntree about throwing poppers.
- Sleeping in the main bedroom with Dada, as Mama slept in my room
- Sunday school with the girls each week

MILESTONES AS OF 18 August 2016

- Likes to play soccer, especially as goallie
- Knows my passwords, and purchases games on itunes, can use ebay
- Received a yellow 2 from Tai Kwon Do, and now both girls do it.

SPECIAL PEOPLE

- Mr Pollack is his teacher, his son got married a month ago. He has been teaching at Cranbrook for decades.
- Best friend is Leo, who has had two sleepovers, but unfortunately is going to Abu Dhabi for a few years. Also hangs out with Lachlan, who is in the other class. Not so friendly with JW who doesn't talk too much. Also Maxamylian, I am friendly with Edvaldo, who ruptured his supraspinatus muscle on our little sedgeway.
- Tata

SPECIAL EVENTS

- Going for the cruise on Pacific Explorer (P & O) with the girls and Tata, and then disboarding at Vanuatu, and then going to the goldcoast for a week.

SPECIAL THINGS HE LIKES

- Lots of tomato sauce with everything
- Having Sunday school with Amber & Lara from 9 till noon
- Dressing up in costume uniform, especially his suit
- Minecraft all the time on his ipad, and also looking at training on the TV. Can build everything except lifts.

- Reading the set of Anh Do “Wierdo” books

COMMENTS FROM DADA

- He doesn't always bathe with the girls, so by the time we do their bath, his bath, and his homework, it is 9 or 10 pm.
- Mr Pollack says that he puts his mind to the job to get it done
- Has piano lessons with Dorothy, and has shown a great improvement, plays spontaneously
- Also does TaeKwonDoo each Thursday afternoon, awarded a yellow 2 belt, but not showing interest in it
- After school did ceramics (till the teacher fell off a bicycle, and sustained arm injury), but now only soccer.
- He gravitates as to who his favourite sister is: he fights and punches Amber, but likes to play with her. He hugs and esteems Lara who is more girl-like.
- Still always sleeps with me. Debbie can't sleep with us as Dane kicks and grinds teeth, and I snore.
- Sometimes bathes with the girls, sometimes after my dinner
- Trying to get him to jump in cold water in CEO Dare to raise money for Childrens cancer research.

THINGS IN THE BACKGROUND

- Beaver seaplane now has amphibious float attached, and now we have a caravan, but floats not on yet, however only flown once with the beaver to the hunter.
- I am really his nanny, Amy spends some time with him, but mainly looks after the girls.
- Just gone ahead to purchase the Newcastle postoffice

THINGS IN THE FUTURE

- Moving into the new house at #40 the Crescent
- Trying to buy the “new old hotel” being Hilton GC.
