

Written just BEFORE my TENTH birthday.

MEMORIES

- Most of this year, we have been excavating the front yard of 40 The Crescent, and stopped about 2 months ago. We have also excavated in the back, where my new room will be going. Originally, I designed a loft style room, but it will be on one level
- I spent occasional nights with dada and the girls on paradise, which is moored off our house.
- We also received the Searay, but a few weeks after it was moored on the drydock, it sank, and was taken away to have the engine changed. The Hermes Speedster also arrived in Sydney, but is still in storage.
- We had a few soccer training sessions with Vili, and when soccer recommenced in term 3, I was put into the "C" team.
- Mama arranged regular riding lessons with Kim in the Hunter when we stayed there for home learning, and I did trotting and cantering. Kim helped her with the Horse Rescue that she set up. Also we had lessons at the Fairmont.
- The other activity that I enjoyed was bike riding. We went down Mills Hill Road to the cemetery, and also in Vacluse.
- Frequently I take him to school, park in Lyne Park, and walk down Kent Road. Often with pickups at 3 pm, we race to get the girls from Kambala.

- Very strong headed, if wants something will put on the act of crying.
- Very strong with his sisters, tells them what to do. Finds Amber the tougher one to play and fight with, Lara is the more gentle, and accepting one. Plays with them on ipad all networked, and then they talk with each other; and with their friend Cayley and his brother Jayden.
- An amazing memory, can remember events many years ago.

THINGS IN THE BACKGROUND

- COVID! Mama kept me out of school, just before it closed down early, we had a long term one holidays, and then home learning for term 2 when we were locked down. A lot of this home learning was done when we stayed at the villa at the Hunter. We used a lot of Microsoft Canvass.
- We were going to take an extra week of T2 school holidays, and go on Celebrity Edge and spend a month in Europe. This, of course, did not happen.
- Likewise, we booked two cabins for Edvaldo Godoy and dada and six boys for my tenth birthday, but of course this didn't happen
- We live in half the house, the girls and mama in bedrooms downstairs, he and I in my study/bedroom, and he has a bedroom upstairs.

THINGS IN THE FUTURE

- Next week we have a sleepover party at the Hunter, most boys going by seaplane. Debbie cancelled it from week before birthday, because the weather was going to be rainy.
